

Preprints: Beneficial or Harmful for Research Integrity and Publication Ethics

Chairs. Chris Graf, COPE; and Wiley and Sabine Kleinert, Lancet, Elsevier

The history. Up to speed with preprints, **John Inglis**, bioRxiv; and Cold Spring Harbor Laboratory Press

Good standards. Reasonable expectations for ethics from preprint publishing, **Heather Tierney**, COPE ; and American Chemical Society

The case for preprints, **Debbie Sweet**, Cell Press, Elsevier

The case against preprints, **Howard Browman**, Austevoll Research Station

Discussion
